

SMARTCRAFT TECHNOLOGY

VesselView®

Integrated Vessel Control

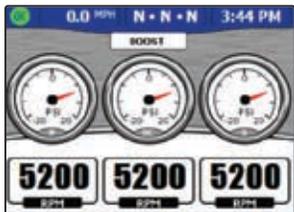

VesselView Remote Dash Pad

4 Bezel Options Included

Mercury VesselView allows boaters to display and navigate engines, genset, sounder, HVAC and more! Boaters stay in command with the 5" color TFT screen, intuitive user interface, and one-touch navigation.

High-contrast screen clearly displays analog and digital data for three engines on one VesselView

Universal icons allow you to view all critical data for all of your engines at a glance
